## Part A: Pupil premium strategy plan

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Internal Assessments show that progress for children eligible for the Pupil Premium Grant was lower than all pupils following school closures and covid disruption
2	Impact of SEND upon pupils eligible for the PPG. A significant proportion of our children who are eligible for the pupil premium grant have compound factors affecting their progress and attainment.
3	Internal assessments show that a higher proportion of children who are eligible for the PPD are often attaining in the bottom 20% of in Reading at KS1 (including in phonics).
4	Emotional barriers to learning for some pupils who are eligible for the PPG
5	There is a significant gap in terms of life experiences (holidays, clubs, sports for example) between our pupils who are eligible for the PPG compared to those who are not meaning that our pupils eligible for PPG do not have the same prior knowledge to build upon without intervention.
