

Who Are We?

Community— A group of people living in the same place and how they support one another.

Family— People that are related to you. The people you live with, like your parents, and people further away, like grandparents, aunts, uncles and cousins. Some people even think pets are part of the family!

Heritage—The countries your family comes from and cultures or religions you may follow.

Local area—The part of London around your school and home. The people and buildings that are near you.

Similarities and Differences—People are all different but we have some things about us that are the same.

Good places to visit:

Institute of Imagination
Museum of Childhood

Did you know...?

Yerbury School was built in 1884.

Boys and girls were taught in separate classrooms.

Can you spot this landmark in Whittington Park?
